Subject	Request for Geospatial Data and Technical Support

Respected Sir/Madam,

We request access to selected geospatial datasets required for a research activity concerning land-use and land-cover analysis. The requested information will be used for academic and technical analysis by the GeoSpatial Research Division.

We kindly request guidance regarding the availability of the required datasets, applicable data-access conditions, and any documentation that must be submitted before the data can be provided.

The requested support is expected to assist our team in completing the preliminary analysis within the proposed project schedule.

Thank you.

Yours faithfully,

Dr. Aniket Deshmukh

Research Scientist
GeoSpatial Research Division
